This matter comes before the Public Service Commission of South Carolina (the Commission) by way of a Motion filed by South Carolina Electric & Gas Company (SCE&G) to compel the Alliance for Fair Competition (the Alliance) to answer SCE&G's Interrogatories and Requests for Production.

SCE&G's discovery was specifically directed toward the allegations of the Alliance's Petition to Intervene and its Petition for Investigation by the Commission. The discovery also requested the identity and substance of the positions which the Alliance intended to assert at the hearing, the factual and legal basis for these positions and any documents the Alliance intended to use in support of the issues and positions to be asserted at the hearing. According to SCE&G, the Alliance has failed to respond adequately to SCE&G's interrogatories and requests for production

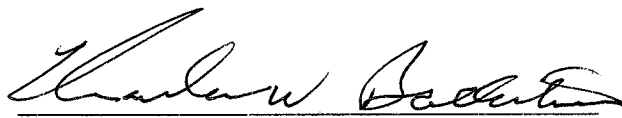

During the prehearing conference held on September 29, 1989, a motion was made that all parties should file all interrogatories and responses on all other parties. This Motion did not include Requests for Production of Documents. SCE&G opposed the motion stating that any party who wished to obtain SCE&G's interrogatories or responses could make copies of them. The Commission grants the motion and requires that in the future all interrogatories and responses be served on all other parties.

IT IS SO ORDERED.
